PRICE LIST

SEASON

1916-17

THE EXPERIMENTAL stage of the pecan is past, and we are coming into the fuller realization of what the pecan is to be in the development of our great country. The trees are proving their worth in the bearing of the finest of nuts with the best of prices. The pecan area is practically the cotton area of the United States. The best cotton lands produce the best pecans. After a grove is well established, a pound of pecans can be grown cheaper than a pound of cotton

Over production is practically out of the question. Out of 100,000,000 people in our nation we think we can safely say that not more than one in a thousand know that there is such a nut grown as the fine paper shell variety. The value of a pecan grove of the budded varieties in full bearing is difficult to estimate. The writer knows of two trees in Cairo, Ga., well worth \$1000.00 each. After twenty years of experience the writer is fully convinced that if you will plant a small grove of budded pecans, and care for them well, they will care for you in old age, and no better commercial investment can be made on a large scale.

The prices below are for strong, well rooted trees, dug as ordered, carefully packed and delivered to the express or railroad company at Cairo, Ga.

PRICES

	<i>Ea.</i>	<i>10</i>	<i>100</i>	<i>1000</i>
1 to 2 feet.....	\$.35	\$ 3.00	\$25.00	\$200.00
2 to 3 feet.....	.45	4.00	35.00	300.00
3 to 4 feet.....	.55	5.00	45.00	400.00
4 to 5 feet.....	.65	6.00	55.00	500.00
5 to 6 feet.....	.75	7.00	65.00	600.00
6 to 8 feet.....	.85	8.00	75.00	700.00

5 trees go at 10 rates, 50 at 100 rates.

3 per cent cash discount in 10 days.

We are careful to send out only the strongest and best budded trees, and we guarantee them to be true to variety.

FEB 14 1917

We use budding wood from our own trees, which can be seen fruiting in our own groves. We will be glad to meet you at train and have you visit our groves and nursery, one mile from city. We have been complimented by the state department as growing the finest trees in Georgia.

Cash should accompany all orders, or satisfactory reference be given.

All orders accepted subject to weather and other conditions beyond our control.

VARIETIES

SCHLEY—is decidedly at the head of the list. It is the best flavored and highest priced nut.

DELMAS—makes a strong, beautiful and vigorous tree, and is quite an early and prolific bearer. It is an exceptionally fine nut in every respect.

STUART—is adapted to a larger territory than any other nut, and is quite a favorite with many.

FROTSCHER—as to quality, is next in favor to the Schley on the market. It is a strong and beautiful tree and is quite a favorite in some sections.

VanDEMAN—is a vigorous tree and fine nut, and placed by some at the head of the list.

SUCCESS—is a very fine nut; fruits well, and is becoming quite a favorite.

MONEYMAKER—is a very strong and healthy tree and extra fine bearer. The nut is a little undersize, but will more than make up in the bearing, and is becoming popular.

MOBILE—makes a strong tree; a quick growth and large nuts. It is a very early and prolific bearer.

NELSON—is the giant of all nuts. It makes a strong growth as a tree, and is an early bearer.

WE have CURTIS, MOORE, TESCHE and PABST in smaller quantities.

Address all orders to

W. C. JONES,

CAIRO, GA.

DON'T throw me in the waste basket. I will help you.
